A graceful final day

This final stay is an invitation to embrace Bali's atmosphere of balance and wellness. A massage, a quiet walk through the gardens, time by Sundara's long oceanfront pool, or simply listening to the wind in the coconut trees may become one of the trip's most memorable moments.

After check-out, the resort can store luggage while guests continue to use the pools, beach and public areas. Showers and changing facilities are available at Sundara and the Healing Village Spa.

DEPARTURE

Meet the English-speaking guide in the lobby. The guide will confirm the luggage and escort guests to the airport. Estimated travel time is approximately 30 minutes, depending on traffic.
