Arrival and Transfer Instructions

Please review the following tour information. Contact your travel agent or Tauck immediately to review any discrepancies, especially regarding your arrival/departure dates and times. Be sure to have your joining instructions with you while traveling to meet your tour.

It is extremely important that you provide us with your flight arrival details at least three weeks prior to your Tauck journey, so we may make arrangements for your ground transportation from the airport to your first-night's accommodations. Your flight arrival information can be submitted to Tauck (or verified, if you've already provided it) in the My Account section of our website, https://www.tauck.com

Arrival at Singapore Changi International Airport

All arriving guests will be met at Singapore Changi International Airport by a Tauck representative. The representative will be holding a Tauck sign, and they will assist you with your transfer from the airport to our first night's hotel.

Upon your arrival, proceed through Immigration, and continue to the baggage claim area. If you are unable to locate your luggage and must file a claim, and if you have access to a telephone, please attempt to call and advise our local transfer provider of your status. (Contact information for our local transfer provider can be found below in the Emergency / Late Arrival Contact Information section of this document.)

Do not leave the baggage area until after you have filed a claim for your missing luggage, as returning to the baggage claim area may not be possible. When filing a report with baggage claim, and to help ensure the timely delivery of your lost luggage, be sure to provide the baggage claim attendant with a phone number that will be checked regularly. This may be your personal number, a hotel phone number, or the ship phone number which is listed in the itinerary section of this document.

After claiming your luggage, proceed through customs and kindly take the closest exit door next to your designated luggage belt. As noted above, after clearing Customs you will be met by a Tauck representative that is easily visible and he or she will be holding a Tauck sign in the arrivals hall. Please be sure to have all of your luggage with you for your transfer to the hotel. Your ride to the hotel should take approximately 30 minutes, and may be shared with other Tauck guests who have similar arrival times.

Upon arrival at the hotel, check in as a member of the Tauck "Kingdoms & Dragons: Singapore to Bali" tour. On Day 1 of your Tauck itinerary, there will be a message from your Tauck Director regarding any activities scheduled for the remainder of the day and for that evening. Please note

that the hotel check-in time is 3:00pm. If you arrive prior to check-in time and your room is unavailable, you will be able to check your luggage with the bellman and enjoy your free time exploring the hotel and surrounding area.

If you are arriving one or more days early in Singapore prior to the beginning of your Tauck journey, you will receive complimentary transportation from the airport to the tour's first-night hotel. (The above-noted message from your Tauck Director detailing activities for Day 1 of your Tauck itinerary may or may not be available at check-in for early-arriving guests. If it is not available at check-in, it will be available on Day 1 of your Tauck journey.)

Travel Documents Required

All U.S. citizens require a valid passport to enter Singapore and Indonesia, and that passport must be valid for at least six months beyond the completion of travel. (Please note that although adult passports are valid for a full ten years, children's passports require renewal every five years.) **Your passport must also contain at least three blank visa pages**. If you are a United States citizen and do not have a valid passport, please contact the closest U.S. passport agency or consult the U.S. State Department website for detailed information on how to obtain or renew your passport at: https://www.travel.state.gov.

IMPORTANT NOTE: Failure to obtain ALL necessary documentation prior to your tour may result in being denied entry into a country, or delays in entry until proper documentation can be obtained. In consideration of the larger group (and to maintain our planned itinerary), travelers who have failed to obtain the necessary documentation in advance may need to remain at the airport, and could thus be responsible for arranging (and paying for) their own transportation to join the group. Tauck will not be responsible for obtaining any missing documentation, nor will Tauck be responsible for any expenses incurred, missed tour components or other losses resulting from the failure to obtain proper travel documents in advance.

U.S. Citizens do not require a visa for Singapore. In addition to a valid passport, U.S., U.K., Canadian and Australian citizens are also required to have a visa to enter Indonesia. The Indonesia visa will be issued upon arrival at Yogyakarta International Airport and is included in the cost of the tour.

Non-U.S. citizens should check with the Singapore and Indonesian Embassies or Consulates to determine necessary travel documents.

PLEASE NOTE: If your passport requires renewal before your departure for Singapore and Indonesia, you will need to bring your expired passport AND your new passport with you on your journey. Your new passport (with a new passport number) will be required to travel internationally.

It is a good idea to carry a photocopy of the photo page of your passport in a place other than with the original, and to leave a copy of all your travel documents with a friend or relative at home.

For entry into Singapore:

All travelers must fill out the SG Arrival Card at least 3 days prior (you can submit your arrival card information 3 days prior to your date of arrival (including the date of arrival) in Singapore https://eservices.ica.gov.sg/sgarrivalcard/.

Indonesia also requires you to submit a digital arrival card, however we will complete this together on tour. Your Tour Director will provide more details. Note: The digital arrival card is free and you do not need to pay a fee on any website for this service. If in doubt, ask your Tour Director for the official Indonesian Government website.

Expecting the Unexpected

Please take the time to carefully review the itinerary section of this document for the latest updates. Please know that when a change to your itinerary is necessary, what won't change is our commitment to delivering the quality experience you expect when traveling with Tauck.

We have found over the decades that last minute changes to itineraries, regardless of the reason, often result in new discoveries and surprises that are an important part of the joy of travel. Expecting the unexpected is the best mindset for travel and the unexpected should be embraced in the spirit of adventure.

In the event that you become sick during your Tauck journey, please know that the Tauck team and our partners have a process in place to support any guests who become ill on tour. While each situation is unique, what we can confirm is that we follow the expertise and guidelines of the local health authorities where we are traveling and work closely with our incredible network of supplier partners, office staff, and global response team to do what is in the best interest of the guest and fellow travelers.

Helpful Tips and Information

Tauck Director Gratuities

One of the highlights of your Tauck journey will be your professional Tauck Director. Our Tauck Directors are passionate about sharing their knowledge of local customs, cultural traditions and contemporary topics with our guests, and they choreograph each day's activities and work tirelessly to ensure that you get the utmost enjoyment from your journey.

We have chosen not to include Tauck Director gratuities in the price of your tour because we truly believe that gratuities are an important way for you to express your appreciation and to acknowledge your Tauck Director's genuine, personal interaction and superior customer service.

Unlike most other tour guides, Tauck Directors receive no commissions on your shopping purchases, nor do they earn additional income by selling options to you on tour. Instead their sole focus is on serving you, and making sure you have the best possible experience during your travels.

We ask that you extend gratuities on an individual basis rather than as a group, and we offer the following guideline to assist you in determining an appropriate amount:

- USD $15 per traveler, per day for the Tauck Director, or the equivalent amount in local currency.

Please note: Although gratuities represent the majority of your Tauck Director's compensation, our policy prohibits Tauck Directors from directly soliciting gratuities.

All other service gratuities, including those for your motorcoach driver(s), local guides, hotel bellmen and restaurant staff, have been included in the price of your journey.

Clothing and Packing Suggestions

Both Singapore and Indonesia have tropical climates. The equator crosses through both countries and high temperatures and humidity can be expected throughout the year. In Singapore and Indonesia, cool cotton blends are the most practical travel clothing in a tropical environment. As most sightseeing is done outdoors, during the mid day hours, it is best to avoid synthetic fabrics that do not "breathe." For protection from the harsh sun, a hat with a wide brim is recommended.

This is a casual tour, jackets/formal dress are not required for men or women during the day or evening. For hotel dinners, resort casual dress will suffice.

For those traveling in July and August, it is advised to bring a light jacket for the short rains and cooler evening weather. At any time of year, a collapsible umbrella comes in handy, as Singapore often has afternoon rains.

Beyond your normal wardrobe and personal grooming items, we suggest you also bring along:

- Comfortable walking sneakers or sandals (VERY IMPORTANT)
- Rainwear, such as a raincoat and rain hat, plus a collapsible umbrella
- Short and long-sleeved shirts/tee shirts (for the warmer, summer months extra tee shirts are always a good idea)
- Light Pants or shorts for casual daytime wear
- Swimwear for swimming and snorkeling
- Sunglasses
- Sunscreen and hat
- Small flashlight
- Insect repellent
- Prescription medicines (an adequate supply to last your journey), and written copies of your prescriptions from your doctor. While it may be possible to refill prescriptions during your journey, the availability of refills cannot be guaranteed. What's more, refilling prescriptions in foreign countries can be difficult and time-consuming.
- TSA approved luggage lock/s.

Please Note: Many temples will lend you a sarong, while visiting the temple to cover your shoulders and knees.

We recommend that you pack any prescription medicines (an adequate supply for your entire journey) along with your travel documents and a change of clothing in your carry-on bag, in order to minimize any inconvenience should your luggage be lost or delayed. We also recommend, for your peace of mind and personal security, that all expensive jewelry and other valuables be left at home.

Regulations regarding permitted and restricted items (including medications, electronic devices, and personal items) vary by country and may change without notice. We recommend that you review local rules for each destination on your itinerary prior to departure to ensure compliance

with customs, security, and transportation regulations. Please note that certain items may be prohibited by local law, and possession of these items could result in confiscation or other penalties. For additional guidance, always consult official government resources such as the U.S. Department of State or the destination country's customs and tourism authorities for the most current information.

Single Use Plastic Bag Ban, Bali Indonesia

The Indonesian government banned single use plastic bags, Styrofoam and plastic straws. This ban does not apply to visitors traveling to the island and having plastic bags in their luggage (such as zip-loc bags at the airports or regular plastic bags to cover used clothes, etc.) The ban only restricts local business to not give out new plastic bags while shopping.

Necessary Gear

Being properly clothed and equipped for your Tauck journey will ensure you get the most out of your trip, and Necessary Gear is a great source for travel apparel, Tauck-logoed items and other gear appropriate for your journey. For more information, please visit the Necessary Gear website at https://www.necessarygear.com.

MyAccount

Planning and preparing for your Tauck journey is easy with MyAccount, Tauck's online guest portal. Available 24/7, MyAccount https://www.tauck.com/login is a quick, convenient and easy-to-use resource that will allow you to:

- Access everything from packing and reading lists, to a digital version of your Personal Travel Documents, to important destination information including any required visas, vaccinations and more.
- Provide the details we need to ensure you enjoy a seamless journey, including your passport information (if traveling internationally), emergency contact information, and flight/train arrival information, so we can arrange your transportation to your first night's accommodations
- Make payments

Please be sure to register and visit MyAccount to confirm that Tauck has all of your required information.

Tauck Luggage Tags

Tauck luggage tags will be provided by your Tauck Director on Day 1 of your itinerary. Please do not attach a Tauck luggage tag to any carry-on items, as the Tauck tags designate luggage that is to be handled and transferred by ground operators and hotel staff during your journey.

Checked Luggage

Due to space restrictions, we ask that you please limit your checked luggage to one suitcase per person weighing no more than 44 pounds (20 kg) and with overall dimensions (length + width + height) not exceeding 62 inches (158 cm). Besides complying with the Tauck restriction noted above, you should also be sure to research and comply with all airline baggage restrictions relating to your flights to and from your Tauck journey. Airlines have become more strict in enforcing size and weight limits in recent years, and luggage exceeding airline standards for size or weight may result in expensive overage fees or other consequences.

Airlines are free to revise luggage policies without notice, and certain airlines have different baggage allowances for different classes of service. Researching and complying with airline luggage restrictions is the responsibility of the guest, and Tauck cannot be held responsible for any costs or disruptions to travel caused by the failure to comply with airline policies.

Lost or Damaged Luggage & Personal Items

Although every effort is made to handle your luggage carefully, we cannot be responsible for lost or damaged luggage and personal items due to breakage, theft, or fair wear and tear through hotel, airline and ground transportation handling. We also cannot be responsible for attempting to locate and retrieve lost possessions. It is important to have adequate insurance to cover these eventualities. See Tauck's Guest/Cruise Protection Policy for options.

Flights During the Tour

Your tour includes FOUR intra-tour flights that will allow you to experience a variety of different destinations with maximum efficiency during your journey. Your Tauck Director will have the necessary tickets or boarding passes for these intra-tour flights, and he/she will distribute them during your journey. For safety reasons, only one piece of checked luggage will be allowed on these flights, weighing no more than 44 pounds (20 kg) with maximum dimension (length + width + depth) of 62 inches (158 cm). In addition, you will be able to bring one piece of carry-on luggage on board, weighing no more than 15 pounds (7 kg), with maximum dimensions of 17" x 12" x 10" (45 cm x 32 cm x 25 cm).

Flight cancellations may occur on occasion. Should this happen, we will make the most convenient alternate arrangements available, and try our utmost to adhere to the scheduled itinerary. Re-routing and re-arranging of sightseeing may be necessary due to circumstances beyond our control. Your flexibility and understanding are appreciated.

Please note that the infrastructure at airports in some countries is not as sophisticated as you might have experienced in Europe, North America, or elsewhere in the world. Flight delays are more commonplace, terminal amenities will be less extensive, and your overall comfort and experience may be impacted. Nonetheless, we firmly believe that air travel is by far the best available option for visiting far-flung areas within a distant region, and we hope you'll agree that the added experiences afforded to you by air travel are more than worth the temporary and occasional inconveniences that it may entail.

On-Tour Duffels

For your convenience, and so you won't have to bring your larger, heavier, primary luggage with you for your two nights in the Komodo Islands (Days 10 and 11), we will provide a complimentary duffel bag for you upon arrival in Indonesia to use in place of your primary luggage for this portion of your journey. Please use this duffel to carry enough clothing and any other personal items needed for your stay in the Komodo Islands. You will be reunited with your primary luggage upon arrival to Bali on the evening of Day 12.

In addition to the duffel provided, you will be allowed to bring one piece of carry-on luggage aboard your intra-tour flights to and from the Komodo Islands weighing no more than 15 pounds (7 kg) and with maximum dimensions of 17" x 12" x 10" (45 cm x 32 cm x 25 cm).

Weather

The climates in Singapore and Indonesia can vary, depending on the location and the season of travel. In Singapore the average temperature is 91F (33C) during the day and 79F (26C) at night. Short rain showers are a common occurrence throughout the year.

Indonesia has a more tropical climate and two distinct seasons, with an average temperature of 83F (28C). The rainy season is from October to April. From May to September, the weather is dry and sunny; however, there are still some short rains throughout this time period. In the more mountainous regions, the weather will be a bit cooler than that of the seaside regions.

Mobility Issues and Other Health Considerations

Activities: On a scale of 1 (easiest) to 4 (most challenging), the activities on your itinerary are rated Level 3. Therefore, active components such as hiking, bicycling and walking longer distances may be included, and hills and/or uneven terrain may be encountered on several days. You should be able to walk two-to-three miles and stand for long periods of time with no difficulty.

Pacing: On a scale of 1 (easiest) to 4 (most challenging), the pacing on your itinerary is rated Level 4. You'll find that the pacing of your journey is sometimes robust, and may include several long days with early hotel departures, active sightseeing and evening activities. Opportunities for daytime rest and rejuvenation may be limited on most days. Your itinerary may include significant motorcoach time, two or more on-tour flights, and/or occasional travel via non-traditional means such as safari vehicles, Zodiac ship tenders, rickshaws/pedi-cabs, etc.

For specific information on your trip's daily activities and pacing, please consult the day-by-day itinerary that follows later in this booklet.

This Tauck itinerary cannot accommodate oxygen tanks, wheelchairs or motorized scooters. Oxygen tanks are strictly prohibited in many foreign countries on regional flights aboard small aircraft, such as those intra-tour flights featured on this Tauck journey. Likewise, the very limited cargo capacity on such flights prohibits the transport of wheelchairs or motorized scooters.

The responsibility of the Tauck Director is to ensure that the larger group enjoys a relaxing and informative journey, and he or she cannot be relied upon to provide ongoing individual assistance to any one guest. Guests requiring such individualized assistance must be accompanied by an able-bodied companion who can provide it. Guests should also bear in mind that the infrastructure in many foreign countries, particularly in developing countries, often presents severe and even insurmountable challenges for those with walking difficulties or other mobility issues.

Waiver

We carefully craft each Tauck itinerary to include a fun and enriching variety of activities. Your particular Tauck journey includes one or more activities that will require you to read and sign a Tauck waiver prior to your participation.

The actual Tauck waiver for your journey will be handed out by your Tauck Director. Please note that during your tour, one or more of the partner companies we work with on this itinerary may require you to sign an additional waiver. Your participation in any activity, including those requiring a signed waiver, is entirely voluntary.

Currency and Exchange Rates

The local currency for Singapore is the Singapore dollar and for Indonesia the Indonesian rupiah. Exchange rates are subject to frequent change, and for the current rates, we suggest you check one of the following websites prior to your departure: https://www.xe.com or https://www.oanda.com.

Any person can bring foreign exchange/currency to Singapore and Indonesia without any limit. However, declaration of foreign exchange/currency is required to be made in the prescribed Currency Declaration Form in the following cases: (a) Where the value of foreign currency notes exceeds US $5,000 or equivalent. (b) Where the aggregate value of foreign exchange (in the form of currency notes, bank notes, traveler cheques etc.) exceeds US $10,000 or its equivalent.

Please refer to U.S. Department of State website to learn more about currency restrictions. https://travel.state.gov/content/travel/en/international-travel/International-Travel-Country-Information-Pages.html

Time Zone

Singapore and Indonesia are either 11 or 12 hours ahead of the Eastern time zone in the U.S., dependent on whether Daylight Savings Time is currently in effect. To confirm local time, please visit https://www.timeanddate.com.

Vaccination Requirements And Recommendations

Immigration authorities in some nations require travelers to provide proof of vaccination against certain diseases in order to enter those countries. These requirements are subject to frequent change as outbreaks occur and subside, and it is therefore crucial that you obtain the very latest information on entry requirements as you prepare for your journey.

For the most current information, please consult the Centers for Disease Control and Prevention (CDC) at http://wwwnc.cdc.gov/travel/destinations/list.htm and the World Health Organization (WHO) at http://www.who.int/ith/en/. It may also be advisable to visit the websites for the embassies of the countries you will be visiting. Besides providing details on vaccination requirements, these sites can also provide information on other vaccinations that may be recommended (but aren't required) and other potential health issues for which no vaccines are available.

Any decisions relating to your health, of course, should not be based solely on information provided by a website. It is critically important that you consult with your personal physician prior to your journey to obtain any required vaccinations and to review any optional recommendations offered by the CDC or other sources. Please be sure to discuss your journey with your physician at least four to six weeks in advance of your departure, as certain vaccinations take time to become fully effective. Also, be certain to ask your physician for proof of any vaccinations you receive, and to pack this proof along with your other travel documents in your carry-on luggage (not in your checked luggage).

Researching and complying with vaccination entry requirements for the countries visited on this itinerary is the responsibility of the traveler and not Tauck. Tauck is therefore not responsible for any expenses incurred or disruptions to travel caused by improper or incomplete vaccinations, or by the failure of any guest to provide proof of required vaccinations.

Travelers who fail to obtain the necessary vaccinations and proper documentation may be denied entry into one or more countries, or they may be temporarily quarantined until the necessary vaccinations are administered, or until proper documentation is provided.

Accommodations

All of the hotels on this itinerary have air conditioning. A limited number of the hotels on this itinerary are one and two-story buildings, and thus do not have elevators.

Most of the hotels on this itinerary have fitness centers that are available to hotel guests on either a complimentary basis or for a fee. Each of the hotels has a swimming pool that is available for guests' use.

Wifi/Internet: Where available, basic internet access is provided on a complimentary basis (service levels may vary). Due to the design of some properties, wifi may or may not be available inside the rooms.

Water and Ice

In order to avoid contracting a stomach ailment, we strongly recommend that you drink only bottled water during your travels throughout Singapore and Indonesia. While dining in restaurants, you should also insist that your waiter bring only sealed bottles of water to your table.
